

# On World Kidney Cancer Day, we need everyone to be talking.

All over the world, kidney cancer rates are growing fast, closely linked to the global obesity epidemic. Yet most people have never heard of kidney cancer. 'We need to talk' is the theme of this year's World Kidney Cancer Day on 20 June. Do our fun True or False Quiz at [worldkidneycancerday.org](http://worldkidneycancerday.org) and help spread the word.
